Meeting Date: 2025/12/16
Present: [Averox: Salman, Farhana, Qurat], [Cura: Harris, Ashraf]
Minutes:
1. Ensure the data is recovered.
2. Emailing forms currently sends non-editable attachments; to resolve this, a dedicated section should be implemented in Cura to receive submitted form data and automatically store it in the Documents section.
3. Inventory access must be granted correctly to the Nurse role when inventory permissions are enabled in user access settings.
4. The Nurse role is currently displayed as "Doctor"; this label needs to be corrected so that the Nurse role is shown appropriately.
5. Appointment duration options should be expanded to include 90, 120, and 180 minutes.
6. Invoice generation should be removed from the appointment flow for Doctor users.
7. Calendar configuration issues need to be resolved, and the week view must start from Monday.
8. It was suggested to use the Royal Mail plugin for address lookup, as it provides more accurate and reliable address data.
9. At appointment creation, appointment type field:
a. Consultation
b. Treatment
10. In settings area to add treatments with corresponding colour code for the calendar. Such as botox, IV drip, etc.
11. A structured protocol and maintenance plan should be implemented, with scheduled maintenance every midnight. All users should be notified in advance via in-app notifications, pop-ups, or SMS.
Any other business:
1. Averox expect to complete above by week commencing 22nd December 2025.
2. Cura expect to start external trials week commencing 5th January 2026.
